**Junior High/Grade School
Co-Curricular Handbook
2016-2017**

Purpose

The purpose of this handbook is to explain and clarify the co-curricular activities that are offered to your children so that all may have an enjoyable and rewarding year in Illinois Lutheran's athletic programs.

Athletic Philosophy

Athletics is a phase of Christian education outside of the Christian academic curriculum that contributes to the basic educational objective of developing the whole person: spiritually, mentally, socially, and physically. Illinois Lutheran believes that the Lord has blessed each student with a level of athletic skill and ability. Our athletics' program is designed to train Christian athletes to recognize and understand the science of human movement, development, and wellness; to aid Christian athletes in learning the skills and sportsmanship necessary to compete with other young people, to recognize the abilities God has given to each athlete, and to learn how to develop an individual's potential for the good of the athlete that the athlete do *"All things to the Glory of God"* (1 Corinthians 10:31).

Our athletic program is designed to be developmental at the 5th and 6th grade level and competitive at the 7th and 8th grade level. Every effort will be made to have each student participate in competition, but playing time is not guaranteed and neither is being selected to an athletic team at the "A" team level. Only those willing to sacrifice their time and effort and willing to cooperate, learn, and abide by the guidelines will receive the privilege to represent our school.

It is our sincere desire that the benefits the students reap from our athletic programs will prove favorable to their futures as active, faithful, evangelical Christian young people growing up in a rapidly changing and competitive world. May our loving Lord continue to bless us with willing people to serve our athletic program and anxious children who are willing to participate in athletics.

ELIGIBILITY AND TRAINING RULES

1. Players and cheerleaders who are absent the day of the game due to illness or an unexcused absence will not be allowed to participate in that day's game. An absence is defined as missing one full class period or more. Absences due to doctor appointments, dentist appointments, or special circumstances that would be considered an excused absence would not eliminate the student from participating in that day's game. Players and cheerleaders arriving late will be handled at the discretion of the coaches.
2. Players and cheerleaders are to give a written or verbal excuse to their coach before a practice or game if they are unable to attend. Students who fail to comply may forfeit the privilege to play in the next scheduled game. Multiple unexcused absences may result in termination from the team.
3. The Illinois Lutheran coaches strongly suggest that players and cheerleaders go to bed no later than 9:30 p.m. the two nights before a game. This applies to all games and tournaments.
4. All students are eligible to participate in any co-curricular activities and privileges of ILS. A student forfeits these privileges by not maintaining good academic standing. In order to remain eligible, a student must maintain a 1.67 (C-) grade point average and have no failing grades.

Eligibility will be reviewed on a week-to-week basis. Students not meeting the eligibility requirements will be ruled ineligible to participate in co-curricular activities from Monday to Monday. An eligibility report will be submitted to faculty members every Monday morning. The Activities Director or Designee (Coaches/Directors/Coordinators) has the responsibility of notifying the ineligible students.

Ineligible students may practice, but not participate in games, activities or performances. Any student that is required to attend Academic Recovery must follow through on those responsibilities in order to participate in practice. (See Academic Recovery Below) When students are eligible and reinstated to co-curricular activities, the coach/director/coordinator determines the level of participation. ***A student that is ineligible at the end of a marking period will be ineligible for the first week of the next marking period.***

Academic Recovery(From the Student Handbook)

Students at ILS are expected to have passing grades in classes. In order to help students maintain passing status, the following procedure will be used.

- First, teachers will contact parents of any student who has an F in class. This notification will be made before Tuesday.
- Second, students maintaining a failing grade in a class for two consecutive weeks will be required to stay after school Tuesday through Thursday until the grade is raised to the passing level. Students will be notified in writing on Monday.
- Students may be transferred to Academic Intervention if the situation warrants the extra help available in AI. Students who are chronic offenders will be placed on a contract after a meeting with academic dean, student and parents. Students placed on a contract may find their continued enrollment at ILS in jeopardy.

5. Students participating in our athletic program are representing Illinois Lutheran Grade School and Junior High and our Savior, Jesus Christ. Christian sportsmanship will be displayed at our athletic events just as Jesus demonstrated his love to his disciples. Failure to exhibit sportsmanship may result in a player being removed from an athletic contest, being suspended, or being removed from his/her athletic team.

CO-CURRICULAR AWARDS SYSTEM

Any student participating in a co-curricular activity will receive a certificate stating what they have participated in that year. Extra awards may be distributed at the coach's discretion.
